Adult's Collection

Therapeutic Footwear

Piedro[®]

is one of the world's leading
manufacturers of high-quality
Therapeutic Footwear.

Welcome to the Piedro[®] Adult Range of Therapeutic Footwear.

Piedro[®] footwear was founded in 1957 when Master Shoemaker W. Struijs recognized his customer's requests for shoes to cater for their individual needs. This led him to craft beautiful, specially adapted shoes for people who had difficulty finding shoes on the high street. People with minor foot problems were then able to purchase orthopaedic shoes that were fashionable.

It did not take Struijs long to create a wide collection of adult's and children's shoes in various widths.

Piedro's orthopaedic shoes became a huge success. In the Netherlands alone, Piedro[®] sold around 500,000 pairs of children's shoes per year in the 1980s. Piedro[®] shoes proved to be a worthy alternative to handmade orthopaedic shoes, and also became very popular in the United Kingdom.

Today we produce fine-looking, highly durable shoes that are excellent quality and are available in a variety of widths, fasteners and sole materials.

Our adaptable manufacturing process caters superbly for tailor-made footwear, which is why Piedro[®] is today one of the United Kingdom's favourite footwear providers.

NEW. We are delighted to announce our Adult range of Pedro® footwear.

Today

The current range of Pedro® footwear consists of a very wide array of styles and designs in women's, men's and children's shoes which are sold worldwide.

Worldwide demand for therapeutic footwear has grown rapidly, Pedro's product range has grown to meet this demand. We now offer ranges of paediatric, diabetic and modular footwear.

Pedro® have recognised that our demographic in the adult's modular footwear range is getting younger and the demand for cosmesis is becoming greater, it is our aim, working with our worldwide customers to adapt our designs to meet this requirement for shoes with a 'high street' appearance. We have used our experience in producing fashion footwear to produce ranges to meet our customer's needs. We believe well-fitting, well-functioning footwear can also look good and we are working year on year to achieve this goal.

Pedro® footwear is developed by a team of highly skilled designers who have a desire to produce the best and the most attractive footwear for you, the customer.

We produce our footwear in our factories in Spain and Portugal where our highly experienced workforce works using the finest quality materials.

Fitting

Pedro® have worked over the last 60 years to develop a range of lasts which can be adapted with last additions to create a shoe or boot which fits superbly. Our last collection is different to the last library of our competitors but we believe our choice of sizes and shapes and our fit is second to none.

Please note, all of our adult's lasts have an inbuilt allowance for a 6mm insole.

The name Pedro® has become the benchmark for durability, quality and excellence of fit in paediatric footwear, today we are proud to offer the same standards in our new range of adult's footwear. Contemporary designs offering excellent fit and orthopaedic function.

For over 60 years Pedro® has been manufacturing both fashion and orthopaedic footwear for the European market, we have utilised our knowledge of the requirements of orthopaedic footwear and the style of high street footwear and produced a range of styles and designs specific to the UK market. We believe our first offering is unique in design, quality and standard of fit, presenting you with modern styles in formal and casual options. Many of our styles offer our excellent welted construction, all are made using leathers of extremely high quality ensuring excellent durability. We believe we offer the best range of orthopaedic sports and leisure footwear available in the UK today. As with our paediatric range we are confident in the build quality of our footwear and offer a 6 month guarantee, excluding normal wear and tear.

Sizes Styles and Additions

Our range is made on a complete last library, slim, standard, wide and wide and deep. These standard lasts can then be adapted using last modifications to obtain a perfect fit to the foot. Pedro® Adult Footwear, like the paediatric version, can be delivered with a supportive and comfortable footbed, unlike our competitors we allow you to choose; simply tell us if you want footbeds included in your footwear. We also provide a range of bespoke orthoses for inclusion in the footwear which can be made using your foam foot impressions and the Pedro® bottom patterns to ensure excellent fit and function.

Options

Our footwear comes fully lined with calf leather, but you can also choose 'at risk foot' moleskin lining and natural sheepskin. On certain styles we can offer stretch vamps or bunion pockets using our stretch leathers and nubucks

allowing you to maintain design requirements and excellent fit. We offer an almost limitless range of colours and materials, all of the very highest quality. All of our models are offered in lace or Velcro fastenings.

See our choices of Materials and Sole Units on Page 94.

Orthotic Adaptations

Piedro® Adult Footwear can be modified with orthotic adaptations during its construction to ensure a perfect fit and finish. Our highly skilled technicians will produce inclusions and adaptations to your prescription using the same high-quality materials used in the footwear's construction. We can also make your custom Total Contact Insoles.

Please allow an extra 5 working days for your footwear to fitting stages if you require Total Contact Insoles or orthotic adaptations.

See Pages 10 - 11 for all Orthotic Adaptations available.

Technical Support

Piedro® Adult Footwear is new to the U.K and to enable you to make the best choice of our products we have a designated Business Development and Technical Support Manager who has many years of clinical experience, who can assist in the liaison between clinic and fabrication unit and assist with last choices and problem solving.

Delivery times

Delivery times for Piedro® Adult Modular footwear are 15 working days to mid fitting and 15 working days to delivery of the finished product. Should the product require major alteration, recut of uppers/remake this delivery period may be extended. Please allow an extra 5 working days for your footwear to fitting stages if you require Total Contact Insoles or orthotic adaptations. Due to the unique nature of our Made to Order footwear it is considered a non-returnable item.

Steps to Ordering Piedro® Adult Footwear

- Use a shoe stick to measure the length of both feet, please see our Measurement Guides on pages 8-9 for use of various shoe sticks.
- Take a circumference of the joint of both feet, see Point 3 on Measurement Chart.
- Take a width measurement across the widest part of the joint of foot, see Point 2 on Measurement Chart.
- Take a circumference of the short heel measurement, see Point 5 on Measurement Chart.
- If ordering boots take malleolar and supra malleolar circumferences.
- Check all these measurements against the Piedro® size charts.
- Using our Size Charts in each section, decide upon the last which best meets your requirements, remember you can add onto a last to make modular footwear but you cannot reduce a last in volumes or length.
- Choose the style and colour of shoe or boot including type of fastening and soling required.
- Choose your orthotic adaptations required.
- Choose any functional foot orthoses required.
- Complete the Piedro® Measurement Form.
- Send your order to us at:

Piedro Ltd

Unit 6 Foxwood Ind Park | Foxwood Close
Chesterfield | Derbyshire | S41 9RB
United Kingdom

The Pedro® Collection

Made to Order, these are made using models from our last library and styles from our catalogue. We then modify a standard last to meet the exact requirement of the customer. A fitting stage of the footwear can be requested so the adapted last can be checked for fit and function.

Please see the Order Form on Page 97 where your measurements can be recorded and your requirements for orthotic adaptations can be made.

The new Pedro® Adult's Collection offers the following models: **Leisure**, **Classic**, **Formal** and **Diabetic**. We have made subtle differences to the lasts for these models to meet the therapeutic and cosmetic requirements of the footwear.

Please note when a shoe is requested from our Diabetic/ At Risk range it will always be made on the Formal/Diabetic last and also a Leisure shoe will always be made on the Leisure Last.

The Leisure Collection offers an attractive range of shoes and boots with the modern look required today.

The Classic and Formal Collections offer a range of footwear with a more elegant appearance.

The Diabetic Collection offers a range of shoes and boots with extra soft seamless and optimally ventilating calf lining, developed especially for the 'At Risk' foot.

Measure your shoe size and foot width

How to find your Shoe Size:

Look at the four diagrams (Fig. A, Fig. B, Fig. C & Fig. D) to see where you need to measure the foot circumference, width and size. Take these four measurements (as shown) in millimetres and make a note of them for later. Take your size measurement using the charts on pages 10-16, scroll down the left hand 'Foot Size' column until you see the closest measurement to the one you have taken.

Next, work your way across the page until you find the closest width size to match your width measurement. Follow this all the way to the top column and this will give you the width required. Now, you have all of the measurements you need to make your **Piedro®** Footwear selection.

If you need any help or advice with **Piedro®** footwear sizing, please contact our **Customer Services Department** on **0845 617 1976**. They will be happy to help you.

How to measure for Piedro® footwear

Using the Piedro® Calibrated Foot Measure

1. Position the foot on the measure non-weight bearing and move the slider up to the longest toe.
2. Read the shoe size required, in green by the arrow.
3. Move the tape slider to the widest part of the foot and measure the joint circumference around this point.
4. Next, reposition the foot sideways, then, move the slider up to the widest part of the foot and measure the joint width in mm in the pink section.
5. Compare these 3 measurements, size first, to the conversion chart and choose the closest shoe width to your measurements.

Using the Piedro® Calibrated Foot Stick

1. Position the foot on the measure non-weight bearing and move the slider up to the longest toe.
2. Read the shoe size required, in green by the arrow.
3. Move the tape slider to the widest part of the foot and measure the joint circumference around this point.
4. Next, reposition the foot sideways, then, move the slider up to the widest part of the foot and measure the joint width in mm in the pink section.
5. Compare these 3 measurements, size first, to the conversion chart and choose the closest shoe width to your measurements.

Using an alternative Non Calibrated Foot Stick

1. Position the foot on the stick non-weight bearing and move the slider up to the longest toe.
2. Read the UK foot size and add 3 sizes (24mm). Move the slider down to this measurement and read the European shoe size required from the scale on the left. When measuring weight bearing, add only 2 sizes and follow the same process.
3. Wrap a tape measure around to the widest part of the foot and measure the joint circumference around this point.
4. Next, reposition the foot sideways, then, move the slider up to the widest part of the foot and measure the joint width in mm from the back of the stick.
5. Compare these 3 measurements, size first, to the conversion chart and choose the closest shoe width to your measurements.

Footwear adaptions and repairs

Code	Adaption
B001	Outside raise up to 25mm WITH a Rand
B002	Each subsequent 25mm or part thereof

Piedro®

Women's Classic Collection

Modern, stylish, functional.

A wide range of semi-orthopaedic shoes with a more elegant look, for fashion-conscious women.

We use the highest quality leathers and materials to create a durable range of therapeutic footwear. Some uppers are suitable for our stretch leather panels* and vamps*, just ask us.

See the information panel next to each shoe for fastening and sole options.

* Extra Cost Option

Additional Comments

Order Information

All Piedro® Adult Footwear is Made to Order.

Our normal delivery times will be 15 working days to first fitting. After we receive the footwear back from first fitting our delivery times will be 15 working days. Please allow an extra 5 working days for you footwear to fitting stages should you require total contact insoles or orthotic adaptations.

All orders are shipped according to the customer's requirements but this cannot be guaranteed. From time to time, orders may be delayed due to external factors.

Payment Terms

All payments are in GB Pounds (£).

Payment is due on ordering the items, prior to dispatch. For customers with a Piedro® Credit Account, payment is due within 30 days of the date of our invoice. Please see our price list for our full payment terms and conditions.

Making a Complaint

If you wish to make a complaint, please get in touch with our **Customer Services Department** first. They will be glad to assist you with any queries or problems.

Returns Policy

If for any reason you are dissatisfied with your items, simply complete the returns form (*on the reverse of your delivery note*) and send your unused/unworn items to us in their original packaging within 30 days of the order date for a refund or exchange.

Unfortunately any footwear or insoles which have been made to your specific requirements is considered as non-refundable, unless it is considered faulty. Please see our price list for our full Returns Policy.

Made to Order, Split Size and Width Footwear

All Made to Order items, including split size and width footwear, is non-refundable, unless faulty.

Extra Catalogues and Price Lists

If you or any of your friends and colleagues would like a copy of our catalogue or price list, please call our **Customer Services Department** on 0845 617 1976 or email customerservices@piedro-uk.co.uk

Additional Information

From time to time, styles, colours and prices may vary slightly. Slight colour variations may also occur during the printing process.

Delivery Options

For detailed information on our delivery services, rates and conditions, please contact our Customer Services Department.
